The New Miracle Finish That

Looks and Washes
Like Baked Enamel

KEM-GLO

For Kitchens, Bathrooms
and Finest Woodwork

A marvel! A miracle! Kem-Glo! So different, so unusual! Kem-Glo is an outstanding enamel-type wall and woodwork finish that actually looks and washes like baked enamel. For the first time, you can give your kitchen and bathroom walls and woodwork in every room, a finish that's smooth as plastic, extremely washable and beautiful as polished ivory. What's

more, you'll be astonished with Kem-Glo's ease of use. It goes on over walls and woodwork like a breeze! One coat of this miracle finish covers most painted surfaces. Yes, one quick, easy coat—that's all! And Kem-Glo dries in 3 to 4 hours to a smooth, lustrous finish that looks and washes like baked enamel!

- 1 Kem-Glo LOOKS LIKE BAKED ENAMEL! So smooth, so completely free of brush marks, so deeply lustrous.
- 2 Kem-Glo WASHES LIKE BAKED ENAMEL! Can be washed without harm. Cleans with the flick of a cloth, as easily as washing your baked enamel refrigerator.
- 3 Kem-Glo is practically SCUFF PROOF! Can take all the wear an average family will give it, and much, much more.

- 4 Kem-Glo COLORS are gorgeous! Created by leading decorators, they're right for beauty and style. They blend or harmonize with Kem-Tone...blend perfectly in any and all decorating schemes.

- 5 Kem-Glo STAYS WHITE! Goes on white, lives up to its name—stays white for years. Does not yellow on the wall as so many ordinary white paints do.
