The "77" will set a new performance mark in the operation of power take-off machines with its direct drive unit... a new economy record with its 6-forward-speed transmission in the Oil Miser case, Fuel Miser governor, and the basic interchangeability of Oliver's full line of tractor-mounted tools with all other new Row Crop models. Wheels on Row Crop models are interchangeable, too—with a choice of cast iron or stamped steel.

One of the models in the new Oliver fleet is sure to fit your acreage and farming practices. Available in Row Crop, Standard, Row Crop with Adjustable Front Axle or Single Front Wheel. Drop in next time you're in town.
