SECOND SECTION

NYSSA HORSEMEN RIDE IN SHOW

Many of the members of the Owyhee Riding club and their friends attended the Ontario spring show and rodeo Sunday. They all report there was an excellent bucking spring furnished by Hyde.

In the flag race, Nyssa took first, with Rolland Holmes, Lynn Snodgrass, Bruce Pett and Don Collins riding. Ontario's entire consisted of three Ontario members and Don Meek of Vale Circle C club, riding his famous quarter horse "Cowboy." However, Nyssa took the honors, with roustabout second, and Ontario third. There was much dissatisfaction expressed concerning Ontario's laxity in adhering to the association rules, especially those applying to the membership entrance limitations.

Nyssa's entries in the musical rope race were Ann Teasen, Betty Dominico, and Peg Dammick. Betty placed second.

Ike Mitchell, Jimmie Reed, and Bobbie Williams entered the bareback riding contest. None were fortunate enough to place. Neither contestants, Hop Norrman nor Neil Dammick placed in the stake race.

CONFERENCE SET BY WEISER STAKE

The quarterly conference of the Weiser stake of the Church of Jesus Christ of Latter-Day saints will be held in the Weiser high school gymnasium Sunday, June 6.

Two sessions open to the public will be held at 10 a. m. and 2 p. m., with a member of the general authorities of the church from Salt Lake City present to address both sessions. Officers anticipate that 1500 members of the church from all parts of the stake will attend. A box lunch is to be served on the grounds at noon to those who travel long distances.

Prior to the conference sessions, a priesthood leadership meeting will be held Saturday evening, June 4 in Ontario at 8 o'clock when the leadership of the priesthood quorums of the stake as well as stake officers will receive counsel and advice from the Salt Lake visitor.

LETTER TO EDITOR

ADRIAN, May 26—In Adrian Monday, Mr. and Mrs. Robert Brown lost their dog "Duke". To most people that means very little, but to the people in Adrian it means another dog dead from ground-glass, from poison, or to just plain disappearance. Somewhere in our town is a person who devotes his time and energy to the tedious task of grinding up glass to give to some harmless and loved pet. "Duke" is only one of the many that in the past years has been killed needlessly. We all hope here

that the person responsible can feel proud of himself, no one else can, and say he did a good job—but a time will come when he will be found out—that is the time we are all looking forward to!

The Farmall System of Farming is an American institution. Its roots are in the soil... on your farm, on the farms of your neighbors.

To increase productivity and speed up

field work, look to the Farmall System for the answer. A Farmall Tractor and matched machines can mean greater operating economy and efficiency on the family farm—and that brings better living!

Five basic models make up the Farmall lineup. There's a size for every farm, an endless selection of Farmall equipment to work in every crop and soil condition. The answer to the power problem on your farm can be found in the Farmall System... and we have full details on the model that fits your farm.

Left: Farmall Super-A offers hydraulic Farmall TOUCH-CONTROL and new "combustion control."

Remember, only International Harvester builds Farmall Tractors.
