Good Buy—all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here. They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power." They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy. But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner. Show them, for instance, how completely different Dynaflo Drive[†] is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars. Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

Point out how solid this Buick feels. That's what you get from husky frames, low-sprung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

Silk-smooth DYNAFLO DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.
