TWO SECTIONS—10 PAGES

GIRL SOFTBALLERS COMING TO END OF INITIAL SEASON

The Satinettes walloped the Nyssaettes 11 to 4 Monday night to take a firmer grip on first place in the Nyssa girls softball league. The Satinettes led throughout the game, but only by a small margin for the first five innings, when the score reached 4 to 3. In the sixth inning the Satinettes rattled out nine hits to score seven runs.

Batteries were Virginia Cecil and Myrtle Bartholoma, Carma Kesler and Betty Hill for the Sat-

inettes, and Janil Haney and Ruth Palmer for the Nyssaettes. Mrs. Bartholoma received a minor injury in the third inning.

The Nyssa Dentists and Farmers Daughters game, which was postponed, will be played at 2:30 Sunday at the Japanese camp in Sunset valley.

Final games will be played Monday night, with the Nyssaettes playing the Nyssa Dentists at 7:30 at the rodeo grounds. In the second game the Farmers Daughters will oppose the Satinettes. This game is expected to be the outstanding game of the season, with the Farmers Daughters, winners of the initial half softball

pennant, playing the Satinettes, who are leading in the second half. The Satinettes will be led by Virginia Cecil and Myrtle Bartholoma and the Farmers Daughters by Pam Mayeda and Marjorie Mitchell.

Parents Of Son—

Mr. and Mrs. Orval Raymond are the parents of a boy, weighing 6 pounds, 10 ounces, born August 11 at the Nyssa Nursing home. Mrs. Raymond, the former Lea Mitchell, is at present staying at the home of her mother-in-law, Mrs. Laura Raymond.

Visiting Here—

Mrs. Calvin Pace and infant son, Stan, are visiting Mrs. Pace's parents, Mr. and Mrs. Melvin Jensen, for several weeks. Mrs. Pace will accompany her husband to Utah, where he plans on entering the Brigham Young university.

P. T. A. Leaders Of County Meet

The first fall meeting of the county council of the Parent-Teacher association was held in the high school building at Vale last Saturday, with 35 members throughout the county registered for attendance.

The meeting convened at 10 a. m. with Mrs. W. W. Foster of Nyssa presiding. The morning session was devoted to reports of the county chairmen and unit presidents. The members voted at the session that the county council meet quarterly and that the spring meeting not be held in conjunction with the 4-H spring fair as in previous years. A fried chicken buffet luncheon was served by the members of the Vale P. T. A. at noon.

Guest speakers for the afternoon session included Dr. Fred O. Graeber, county health director, and Art Smith, principal of the Vale elementary school.

Dr. Graeber outlined plans for the physical check-ups to be given to children of the county entering the first grade this year and to some of the long-range plans for the health department. He asked for the support of the Parent-Teacher association in securing more special teachers in the county, and for driver training courses for the schools.

Mr. Smith, in his talk to the group, mentioned a number of ways in which Parent-Teacher associations could be assistance to the schools.

During the afternoon, Mrs. Robert Thurston of Vale sang "Thank God for a Garden" and "Think on Me," and Roulton Huntington of Vale sang "Duna." Mrs. Roulton Huntington gave a reading.

The executive committee of the county council includes the following: Mrs. W. W. Foster, president; Mrs. Bernard Eastman, secretary; and Mrs. Ed Frost, treasurer; Ed Knettle, chairman of the safety committee; Mrs. Durlin Hammon, chairman of publications; Henry Hartley, legislation and Mrs. Josephine Rigney, exceptional child, all of Nyssa. The vice-presidents include Mrs. Kenneth Greenfield of Vale and Mrs. W. L. Peterson of Ontario; Mrs. Don Fonda of Vale chairman of publicity; Mrs. George DeHaven of Adrian, goals chairman; Mrs. Wayne Chestnut of Ontario, membership chairman; Mrs. Eugene Becker of Vale, health chairman; Mrs. Darrel English of Wade, hospitality; Mr. and Mrs. Charles Witty of Wade, study groups; Mrs. Robert Moore of Ontario, character and spiritual training; and Mrs. Gordon Capps, Ontario, radio.

The Saturday meeting was attended by six members from the Nyssa group.

The "KEY" to "AUTOMATIC WATER"

Like a magic key Jacuzzi—"two pumps in one"—unlocks the water beneath the earth and makes it available at the turn of the tap. First the Injector makes your well "artesian" by bringing the water from the depths to the surface... no moving parts below ground. Then the Centrifugal Impeller picks it up and forces it under pressure to where you want it. "Automatic Water" by Jacuzzi... your best buy in pumps.
