THIS BUICK SPECIAL 3-PASSENGER COUPE (Model 46) does double duty as a business car and a car for the small family.

Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price

Yes, we know it looks like a lot more money.

That stunning new front end—those graceful, tapering fenders—those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags.

In particular—compare this beauty with the sixes—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedanet and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first minute you can?

Good Crop Shelters

THEY'RE EASIER TO GET AT BOISE PAYETTE

A harvested crop represents all the hard work of the growing season . . . the cost of seed, labor, machinery and power. To lose it after it's harvested is a serious thing. Yet, a crop can be entirely, or partially, lost after it is harvested due to inadequate or improper storage facilities.

Wise farmers make sure their crop shelters are GOOD crop shelters by consulting Boise Payette and its farm building service.

You will find that your Boise Payette yard is ready to help you have good crop shelters . . . ready with plans for buildings to suit your particular need and ready to help you with the required materials.

Remember—GOOD farm buildings can mean BETTER farm profits and GOOD farm buildings are easier to GET at—
