The American Legion will assist all local veterans in applying for their national service life insurance dividends.

This was announced today by Robert E. Talbot, Jr., commander of Nyssa post No. 79 of the American Legion of Nyssa.

"Our post will have the necessary help to make to the VA to get their NSLI dividends," Commander Talbot said. "Every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. The VA expects to pay out approximately \$2,800,000,000 in these refunds. Payments per veteran are expected to average about \$175 according to the VA. Applications should be filled as quickly as possible because it will take weeks and months for a veteran to get his refund check."

Actually, the American Legion will put on the biggest manhunt in trying to locate veterans who are eligible for the NSLI refunds.

"The VA estimates that 16,000,000

veterans are entitled to NSLI refunds. The VA has the home address of only six millions of eligible others."
