Herriman Enters Safety Contest

Low Herriman, manager of the Herriman Motor company, has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Motor company.

Mr. Herriman is one of 6,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October. Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. savings bonds, 100 \$100 bonds, 200 \$50 bonds and 350 \$25 bonds. The contest has the support of the national safety council, the inter-industry highway safety committee and other safety organizations.

Ned H. Dearborn, president of the national safety council, in a letter to L. D. Crusoe, vice-president and general manager of the Ford division said:

"Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country. And I am sure that this free check-up and safety contest, with its attractive prizes, will make Americans more safety conscious—it will save lives."

In order to participate in the contest, Mr. Herriman pointed out, motorists must take their car or truck, of any make, to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rear view mirror. The Herriman Motor company will place an attractive safe driver reflector insignia on the car or truck inspected and motorist will be given an entry blank to participate in the contest.

The motorist must then complete in no more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically because

A jury of prominent persons in national safety circles will judge the winners. Only one entry per car or truck may be entered. Other details of the contest are available from the Herriman Motor Co.

GET Big CALF CROPS

Help build up YOUR COWS with PURINA RANGE CHECKERS...a quality range supplement

Yes, many cattlemen get 90% calf crops—some almost 100%—by feeding Purina Range Checkers for 3 to 5 months during the winter. And their calves are usually enough bigger in size to more than pay the cost of the feed. All this is made possible because the cows are usually brought through the winter in better condition on Purina Range Checkers.

Why? Because Range Checkers contain 3 kinds of proteins—cottonseed, linseed and soybean oil meal . . . plus minerals, and molasses—a fine conditioner.

So, before you buy or book feed, ask us about Range Checkers. IT'S PRICED RIGHT!

Cows Need Minerals During Gestation
