FERGUSON WINS FUEL ECONOMY CONTEST!

Further proof of the unusual power efficiency of the Ferguson Tractor is now available in the officially tabulated results of the Milo, Iowa, Fuel Economy Contest. Sponsored by Warren County 4-H Clubs with farmer-owned, farmer-operated equipment, the contest was conducted with the assistance of Extension Engineers from Iowa State College.

Official results established by the Ferguson Tractor show:

- 22 Per cent less fuel consumed than the average amount consumed by 10 competing tractors.
- 27 Per cent more land plowed than the average acreage plowed by 10 competing tractors using the same amount of fuel.

These results, too, continue to pile up factual, authentic proof of the fuel-saving, money-saving ability of the Ferguson Tractor!
