The Am. Automobile Association says 60,000,000 American tourists will roll along the nation's highways this summer. That adds up to a lot of activity and souvenir postcards. Americans may not like to travel more than other people... but here we can do it. We have more cars, and more places to go without being bound up like mummies in red tape. Every state in the 48 will be encouraging the two-week-gypsies... because it's figured that \$6,000,000,000 will be spent on gasoline, hot dogs, motels, hotels, novelties, etc. Six billion dollars is a lot of fun. We hope you enjoy your vacation.

A learned professor claims that only humans have the brains to talk. Yup, but some of us don't have sense enough to know when to stop. We can tell you where to stop for the best Used Car buy. Yes, sir, it's HERRIMAN MOTOR CO. We have the cream of the used car crop... because every car on our lot is reconditioned. Drop in and look 'em over. Phone: 77.
