OF course you recognize it. Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field?

But have you tried it? Have you matched this sweet-stepping bonny against the tall hills, and the call of the straight-away? Ever toiled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving?

Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly restful in both front and rear seats?

There's no reason, really, to wait longer for such satisfying experience.

There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

**Only BUICK has Dynaflo\* and with it goes:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

\*Standard on ROADMASTER, optional on extra and SUPER and SPECIAL models.
