Once Over

and IT'S ALL OVER

with a McCormick-Deering Beet Harvester

Here's a real time and labor saver... the McCormick-Deering HM-1 Beet Harvester for Farmall H, M and MD Tractors.

In one continuous operation, this machine tops, lifts, cleans and loads the beets into a special two-wheel cart to complete the harvest in a "once over and it's all over" operation.

With the HM-1, you can harvest 5 to 6 tons of beets in an hour. You don't have to worry about weather or field conditions because this machine does a good job when it's not easy to harvest beets by other methods.

Ask us for details about this labor-saving, time-saving machine.
