Get LOW-COST GAINS... MARKET-TOPPING FINISH...

By Feeding PURINA STEER FATENA with grain and hay

When your cattle sell—that's when top finish counts! Fast, low-cost gains and thick, mellow finish that insures a good sale... that's what you need to make money. For many years thousands of cattle feeders have depended on Steer Fatena for that kind of results.

Here's why Purina Steer Fatena helps make PROFIT-ABLE POUNDS:

Cattle Like Steer Fatena. No holding back from the trough when Steer Fatena is fed! On long or short feed, Steer Fatena keeps 'em up at the bunks, eating and gaining.

Saves Grain. Steer Fatena saves grain—helps release more energy from the same amount of grain fed. Results of a country-wide survey show that 75.5 lbs. of Steer Fatena and 10.5 bu. corn is the average amount of feed used per 100 lbs. of gain.

Developed by Purina Research. Years of research in cattle feeding at the Purina Research Farm are behind Steer Fatena. It's just the right blend of cottonseed meal, linseed meal, soybean meal and molasses to efficiently supplement grain and hay.
