It's the season
 for jollity. Let's
 share it.

Christmas is a time when people express their feelings of goodwill toward each other. A corporation has feelings, too. Because it is people—just people.

In the oil business, it takes a lot of people working together as a team, to do all the jobs necessary to find oil, refine it into useful products, and deliver it where it's needed.

This Christmas season, for example, will find men and women of Standard Oil Company of California working in many different places... all over

the world. They'll be exploring for oil in wilderness areas... riding tankers in rolling seas... keeping watch on desert pipelines. You'll find them, also, working in refineries, in offices, in our research laboratories.

And all through the year, the people of Standard everywhere work at the big job of helping provide you and our nation with the oil we must have to remain strong. It's the best way all of us know of saying "Merry Christmas" 365 days a year.

STANDARD OIL COMPANY OF CALIFORNIA

plans ahead to serve you better

Christmas
 wishes

We would share
 the blessings of
 the season with
 you.

May your homes be
 alight with warmth
 and peace.
