

Apple Valley Man Injured In Fall

APPLE VALLEY, Feb. 8.—Fred Miller is a patient in Caldwell Memorial hospital as the result of falling at his home early Sunday morning. He was going to the barn to do chores when he slipped on the icy ground. Being unable to get up, he called for help and DeLoyd Schimels helped him to the house. Dr. Soli and the Parma ambulance were called and Miller was taken to the hospital, where X-rays showed the hip bone was broken. On the way to the hospital, they came to the scene of the Tuttle wreck and Mr. Tuttle was taken to the hospital in the same ambulance. Parma's new ambulance is really being used extensively.

FARMERS TAKE NOTICE

To those of you who plan on a SPRAY MACHINE built onto your tractor for your 1951 season.

We would like to suggest that you bring your tractor into our factory at once so that we can take our time to build a SPRAY RIG to do any job you might have, for row crops any width, or for full coverage, all in one.

Have this done before you need your tractor for your spring work and save \$25 to \$10.

May we remind you that materials for this type of work are scarce and getting higher.

We do have at this time a limited supply of spray hose nozzles, valves, pumps, pressure gauges, fittings, etc.

You may furnish your own tank. If you have a good 50-gallon barrel, we will fit and mount it for you.

MACK'S weed guns for weeds, rodents, and soil fumigation can't be beat.
