Rev. Paul Ludlow will be the minister in charge of the morning worship service at the Apple Valley Community church Sunday morning.

MYP will meet at 7 p. m. Sunday evening with President Leland Fox leading the meeting. All young people are invited to attend.

The teachers reception will be held Thursday evening, September 20 at the schoolhouse, the same evening as the regular PTA meeting. Entertainment and refreshments have been planned.

Patty Lancaster, daughter of Mr. and Mrs. Ben Lancaster, is a patient in the Malheur Memorial hospital following an accident Sunday, in which she received a broken right arm and left shoulder. She was injured when a trailer loaded with bales of hay and a horse ran over

Tent City in Korea Where U.N. Quarters Its Prisoners of War

Nearly 150,000 prisoners of war from the Chinese and North Korean Communist armies are held by the United Nations forces in huge tent compounds like the one shown at left above. The camps are kept clean and in order by the prisoners themselves. At right, a U. S. Army nurse, Captain Vir-

ginia Gillespie, of Mentone, Cal., aided by a captured Korean physician, treats a young prisoner who suffered a leg wound. Prisoners who are ill are treated in the world's largest hospital, which has 10,000 beds. The United Command reports that the prisoners range in age from 15 to 60 years.

Best way to get a move on

ASK any GMC owner about hauling performance.

For when it comes to packing home a pay load—he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model—or requires one of the sensational new GM-Diesel "Million-Milers"—he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine."

He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame—truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs. For GMC's are made in the widest variety of engine-chassis-axle combinations, from ½ to 20 tons.
