

Idaho Men Leave On Hunting Trips

NEW ACRES, Oct. 11—Mr. and Mrs. Russell Meroney and family of Cove, Oregon were visitors at the Ed Meroney home over the weekend.

The W. S. C. S. of the Fruitland Methodist church met at the home of Mrs. M. C. Seuell Thursday afternoon of last week, with about 25 present. Assistant hostesses were Mrs. Cecil Evans, Mrs. Henry Orcutt and Mrs. Merle Thomson.

V. L. Lett and Lloyd Seuell went deer hunting, leaving Wednesday and returning Sunday. They did not succeed in getting any deer. Mrs. Seuell stayed at the home of her parents, Mr. and Mrs. Charles Buskirk in Parma while her husband was away.

Mr. and Mrs. Ed Meroney and Joy

went to Baker Tuesday to visit at the home of Mr. and Mrs. Mason Morris.

Mr. and Mrs. Paul Thomson and family went to Caldwell Saturday for a visit with Mr. and Mrs. A. Lanfear.

Jake Smit of Stibnite spent the week-end at the home of his parents, Mr. and Mrs. George Smit.

Mr. and Mrs. Martin Hansen, former residents of this community who are living now on highway 30, south of New Plymouth, were dinner guests of Mrs. Lela Lett Sunday.

Visitors at the E. C. Johnson home this week were Mr. and Mrs. Joe Barbosa of Fairfield, California. Mr. and Mrs. Johnson and their guests went hunting near Cascade, but no word has been received from them as yet. Mr. and Mrs. Jeff McGee are staying with Wanda and Jimmy Johnson while their parents are on the trip.

Mr. and Mrs. Ed Meroney and Joy were dinner guests of Mrs. Elenora Wherry in Fayette Monday.

School Addition Plan Considered

APPLE VALLEY, Oct. 11—Residents of the community met at the schoolhouse Monday evening after the school board meeting to discuss the proposed plan to build an addition to the now-inadequate school building. Considerable interest was shown in the project, so the group decided to hold another meeting in two weeks, when an estimate of the cost will be available.

The MYF young people of the Methodist church were hosts to all of the high school and seventh and eighth grade pupils of the community Sunday afternoon and evening. A potluck supper was served in the church basement in the evening. Several persons attended the recreational program, the supper and the devotional meeting.

Several men and women of the community worked at the church Saturday pouring cement and mowing and trimming the lawn. A potluck dinner was served at noon. Another day's work will be required to finish the cementing.

The WSCS is planning a birthday party for Wednesday, October 17, beginning at 10 a. m., to celebrate their 40th anniversary as an organization. The society was originally organized as the Ladies Aid society in 1911 and remained as such until 1941, when all Methodist women's groups were changed to become the Women's Society of Christian Service. There will be several charter members present and an interesting program for the day has been planned. Lunch will be served at noon in the church basement. All women interested are invited to attend.

Mrs. Ella Stephens was guest of honor at a dinner given Thursday evening by her daughter, Mrs. Jack Reed, celebrating Mrs. Stephens' birthday anniversary. Guests included Mr. and Mrs. DeLloyd Schimmels, Mr. and Mrs. Charles McFarlin, Mr. and Mrs. Severt Fox, Thaniel Botner, Kenneth Lisle, Donny Fritts, Jerry Sinclair and Ted Dick. The hunters did not kill many deer.

Mrs. Neil Thorburn arrived Sunday from her home in California to visit her parents, Mr. and Mrs. Fred Fisher.

Mrs. Ella Stephens and Mrs. Jack Reed and son, Robert, visited Mrs. Charles Snyder in a nursing home in Nampa Sunday. Later, they visited Mr. and Mrs. Charlie Ayers in Meridian. In the evening they were dinner guests of Mr. and Mrs. Chris Melvedt in Boise.

Have You Seen The Gemco Three-Row Beet Lifter-Loader?

The Machine That:

- Lifts and loads three rows instead of 1 or 2.
- Harvests faster—a ton in one-half the time in many instances.
- Although it has larger capacity, any 30-horsepower tractor is adequate power for it.
- Eliminates need of crossing the field so often, thereby causing less packing of the soil.
- Is adjustable to all even-row widths, 20 to 30 inches, and to most odd spacings of 18-20, 20-22 and 22-24.
- Allows you to plant larger acreages, since the machine will harvest so much faster.
- Will harvest much more cheaply per ton, for many reasons—you harvest faster, the machine is very reasonably priced.

See this machine work at the D. H. Christensen farm. Then place your order with us

ALL ORDERS WILL BE FILLED IN ROTATION, WITHOUT EXCEPTION, AS WE ARE UNABLE TO SECURE A DEFINITE NUMBER, DUE TO CRITICAL MATERIAL SHORTAGES. ORDER YOURS SOON.
