Trouble Comes In Bunches for Two Moving Families

SUNSET VALLEY, Feb. 14—Speaking of mishaps the Simpson brothers, Wayne and Lynn, had their share while moving this week from Hooper, Utah to the former Weaver farm, which they have purchased. When en route with their household possessions and cars, the trouble began with a simple blowout on the car driven by Clint Simpson. Then a tire flew off the trailer, which Wayne Simpson was hauling. Next a rod was thrown out of the car. Herb Peterson was driving, and that car had to be towed from Burley, Idaho to Sunset valley. The finale came late at night as they drove into Cow Hollow, where the bridge is out, and they were then completely stuck. Some of the group walked on to the home of Mr. and Mrs. Carl Simpson and awakened them. Carl and his wife bedded all eleven, Carl's brothers, Wayne Simpson, and Lynn Simpson and families and Carl's sister, Mrs. Herb Peterson and husband. After breakfast they managed to get the car out of the hollow. The bridge by John Strickland had been washed out the previous week-end, but no flares or detour signs had been placed at the site.

why it pays to wait for
a **WD** tractor

There's only one tractor like this—

POWER-SHIFT rear wheels moved in or out by the engine.

TWO-CLUTCH control with foot-operated master clutch plus oil-cushioned hand clutch. Works like a second engine on power take-off jobs.

TRACTION BOOSTER that automatically shifts extra weight to rear wheels for plowing and other heavy jobs.

THREE-BOTTOM pickup plow for big-tractor capacity with light-tractor fuel economy.

So many people know and want the WD Tractor that you may have to wait a little longer to get your order filled. But now's the time to see the WD. Drive it yourself. Say the word and your first choice in farm power will soon be on its way to you.
