why it pays to wait for a WD tractor

There's only one tractor like this—
POWER-SHIFT rear wheels moved in or out by the engine.
TWO-CLUTCH control with foot-operated master clutch plus oil-cushioned hand clutch. Works like a second engine on power take-off jobs.
TRACTION BOOSTER that automatically shifts extra weight to rear wheels for plowing and other heavy jobs.
THREE-BOTTOM pickup plow for big-tractor capacity with light-tractor fuel economy.

So many people know and want the WD Tractor that you may have to wait a little longer to get your order filled. But now's the time to see the WD. Drive it yourself. Say the word and your first choice in farm power will soon be on its way to you.

LOSS OF CREDIT

THE MOST FOOLED MAN IS THE MAN WHO FOOLS HIMSELF!

... particularly when it comes to paying his bills. Bad credit is like backward gossip... it travels fast... and is magnified as it goes along. Therefore the man who fools himself by not paying his bills promptly when due... is hurting himself far more than he can hurt his creditors. They lose only money. He loses their good opinion and eventually his own self-respect. Most people appreciate this and therefore—PAY UP AND KEEP THEIR CREDIT GOOD!
