A Good Program Has Been

Not "warmed over"
but strictly brand new!

YOU OWE it to your pocketbook to drive this Chrysler engine before you buy any fine car today.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

It delivers 180 horsepower . . . without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can

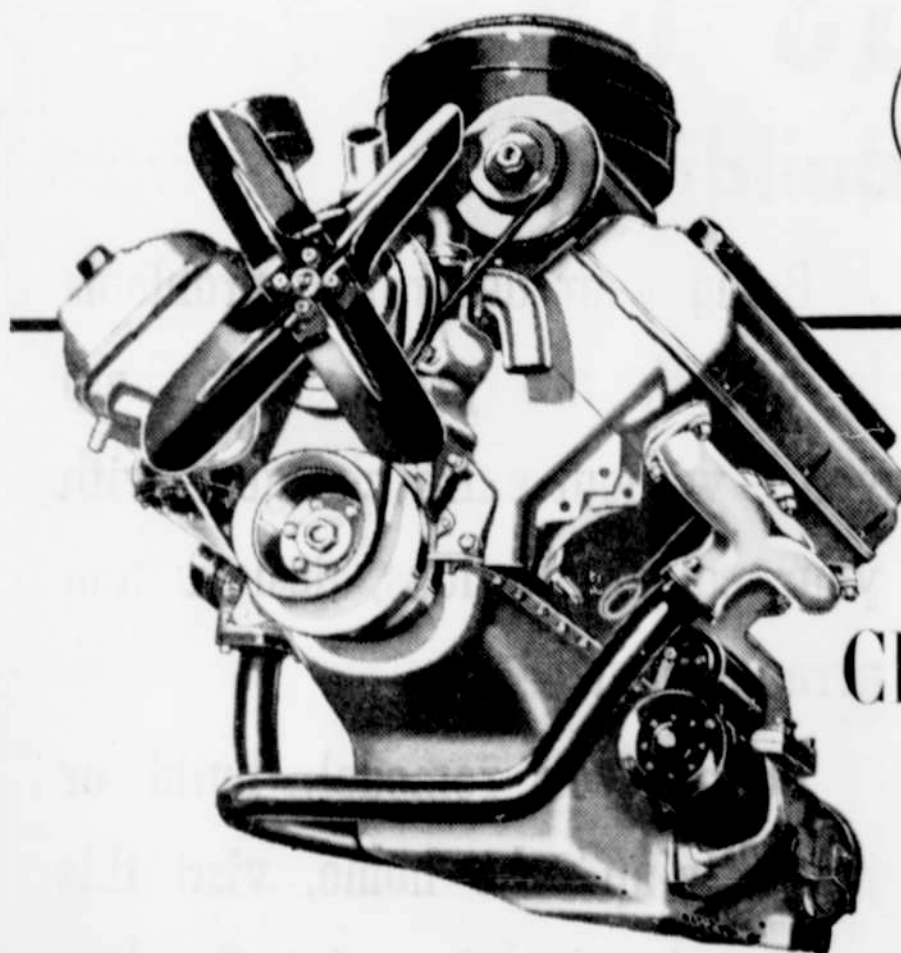

equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response . . . its safety-power, in reserve for emergencies . . . its easy scorn for distance or hills . . . make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too . . . we invite you to drive it, soon!

STRAY LIVESTOCK WRECKS CAR FARMER HELD LIABLE

LOSS PAID
BY THE FARMERS SPECIAL BLANKET LIABILITY POLICY

HERE'S THE ANSWER!

General of America's Special Blanket Liability Policy for Farmers provides in ONE, all-embracing policy this MULTIPLE insurance:

- AGAINST damage claims which might be entered by employees or guests. [Automatically pays up to \$500 medical costs to each person injured.]
- AGAINST most losses of livestock and farm machinery through fire, theft or flood.
- AGAINST burglary or loss through fire of household and personal possessions.
- AGAINST automobile damages or loss through theft or fire.
- AGAINST a multitude of unforeseen damage claims and losses.

Here is just one of the many types of risks the farm owner takes day and night. His livestock can get him into trouble, injured employees can sue him. Floods, fire or accidents can destroy his life's savings. American industry has long protected itself against scores of potential losses through "blanket" insurance coverages. NOW The General of America has made such insurance available to the farmer, in a special farm policy designed to take as much risk out of farming as possible. It works! Thousands of progressive farmers have investigated this company and this plan—AND ADOPTED the Farmers' Special Blanket Liability Policy. It pays. Get the facts NOW—as applied to your particular needs!

You owe it to yourself and your family to get ALL THE FACTS about this "Blanket of Protection."
