FORD WINS AGAIN!

TAKES FIRST PLACE IN CLASS "A"

IN THE 1952

Mobilgas
Economy
Run

Ford's the Class "A" Winner for 3rd Consecutive Year!

New Ford Mileage Maker SIX Thriftiest in its Field!

Again this year... Ford was first in gas economy over all cars in its price class in the Mobilgas Economy Run. In this toughest test, a Ford Six with Overdrive (optional at extra cost) averaged 53.855 ton-miles per gallon and 25.463 actual miles per gallon. A very important contributing factor is Ford's Automatic Power Pilot which squeezes the last ounce of power out of every drop of gas. Pound for pound, Ford's All-New Mileage Maker Six is definitely the most economical low-priced car to run!

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons multiplied by number of miles travelled, divided by number of gallons consumed.

Giles L.

FRENCH
REPUBLICAN
for Congress

WHO HE IS:

An alert, aggressive legislator of 17 years experience. Acknowledged authority on taxation.

Recognizes the need for intelligent economy. Works for it and votes for it.

Twenty years mayor of Moro. Chemical warfare service in World War I.

Editor of oft-quoted Sherman County Journal.

WHAT HE SAYS:

The first duty of a legislator is to be completely informed about his district and the problems of its people. He should work steadily and conscientiously for their solution.

"The welfare of eastern Oregon depends on the continued development of Columbia river basin power together with transportation and irrigation; upon getting grass to grow on its sage-covered range lands; upon further utilization of timber resources; upon a foreign policy that will permit the development of markets in the Pacific; upon keeping as much of our power at home as we can use; upon keeping all of our water; upon a tax policy that will permit citizens to buy and improve property."
