SAM COON says!

"The state and federal governments have a tendency to deny the local communities a right to run their own affairs, centralizing this power in Washington, D.C. and Salem. I feel the closer you can get government to the people the better the government you'll have."

Queen Scotty Lass

Our Registered Jersey cow, Scotty Lass, who was selected Queen for the 1952 Spring Jersey Show, was selected because of the combination of type and production.

The last three years' production record totaled 31,539 lbs. of milk and 1701 lbs. of butter fat.

Scotty Lass was fed Purina Dry and Freshening Chow after each calving for 30 days and then gradually changed to the Purina 16% dairy mix. The Purina Dairy Feeds have helped keep Scotty Lass on a high level test as well as top condition.

Princess Brampton Feature Lass

Brampton Feature Lass, our 3-year-old cow was selected Princess of the Jersey Spring Show by combination of type and production.

She has a Jr. 3-year-old record of 16,503 lbs. of milk and 670 lbs. of butter fat (maturity equivalent).

We used Purina Calf Startena and Purina Dry and Freshening Chow in our Calf and Heifer program.

BEAUTENA IS HERE!

And We Are Going to
GIVE HER AWAY
When She's Four Months Old
