Are You Playing Ball

With your
Merchant, Doctor and Hospital
 in Malheur County?

Do You Know What Your Batting Average is with the business and professional men of the Baker and Malheur County Credit Boards of the Pioneer Service Company?

NOW IS THE TIME TO FIND OUT!

When you receive a Pioneer service County Credit Board Statement bearing our registered trade mark, either Pay your Bill in Full, Part Pay or Satisfactorily arrange to Pay.

Almost all of your merchants and professional men in your trade area receive our MONTHLY CREDIT REPORTS. These reports carry the delinquent debtors names and their batting average. Anyone of these debtors who do not have a credit rating: such as "P" which means PAYING; or an "A" which means satisfactorily arranged—has a poor batting average. And where he has no "P" or "A" in front of his name at all—he has three strikes on him and has been virtually fanned out. Now you can easily understand that with a poor batting average (Nothing before your name) the merchant will realize that you are not entitled to credit and have struck out.

REMEMBER that the man who pays is welcome everywhere and the one who does not pay soon becomes a social outcast, and loses his credit—something he may never regain! So why not keep your batting average good by paying your bills promptly?

Pioneer Service County Credit Board Information
 Is Most Valuable

- Your accounts remain in your hands at all times
- No commissions charged on collections
- All money paid directly to creditors
- No contracts to sign and regret
- No docket fees. No filing fees
