How much of "TOMORROW" would you like

**TODAY?**

- 180 HORSEPOWER...** here today, not "coming sometime!" Chrysler FirePower owners today have the most powerful engine ever put in an American passenger car... and enjoy incomparable performance on non-premium grade fuel besides!
- HYDRAGUIDE POWER STEERING...** now for the first time in any American passenger car! Automatic hydraulic power now gives steering ease, safety and car control under all conditions such as you never felt before!
- POWER BRAKING...** not "in the laboratory stage" but under your toe right now! Regular equipment on all Chrysler New Yorkers, Imperials, and extra-wheelbase Windsor models. Power braking assures smoother, safer braking.
- HEMISPHERICAL COMBUSTION CHAMBERS...** On the left you see the Chrysler engineering reason why no engine in any other American passenger car today can match FirePower's fuel efficiency or its 180 horsepower performance... Plus new Oriflow Ride Control... Waterproof Ignition... Safety Rim Wheels... Cyclebond Brake Linings... Ignition Key Starting... Come see and feel for yourself how much that other cars may have "some day," you can have now in Chrysler! See it and drive it.
