Mr. and Mrs. L. R. Price and family have moved back into the neighborhood.

Mr. and Mrs. Dale Ashcraft re-

TREATS FOR HALLOWEEN

The hobgoblin season is here—time for witches, ghosts and devils of all sizes to ring neighborhood doorbells and demand "a treat."

This year when the youthful spooks arrive on your doorstep, why not be prepared with some really good nutritious candy?

Candy apples are right in the Halloween tradition, so be sure to have an ample supply around. For grown-ups—have some chocolates on hand. Here's a Candy Apple recipe the small fry will love. Recipe is from the Research Kitchens of Blue Bonnet Margarine.

CANDY APPLES

2 cups sugar 1/4 teaspoon salt
1 cup light corn syrup 1/4 cup Blue Bonnet Margarine
1/2 cup water 1/2 teaspoon cinnamon

12 red apples on sticks

Place sugar, corn syrup, water and salt in a deep saucepan. Place over moderate heat. Stir constantly until mixture begins to boil. Cook without stirring to 290° F. (or until a small amount dropped in cold water becomes brittle). As crystals collect on sides of pan, wipe them away with a damp cloth. Add the margarine and cinnamon and stir in gently. Continue to cook without stirring to 300° F., or until syrup is brittle while under cold water but becomes soft and plastic when removed. Remove the syrup from direct heat and set at once over hot water. Dip apples on sticks into hot syrup. Remove and twist to spread the syrup evenly. Hold apple over pan a minute or two, then place on greased baking sheet or waxed paper. Forks may be substituted for sticks if necessary—the apples taste just as good. Yield: 12 Candy Apples. (ANS)

U. S. CONGRESS

SAM
COON

SAM COON, farmer and Senator from Baker County, and present chairman of the powerful Senate Agriculture Committee . . .

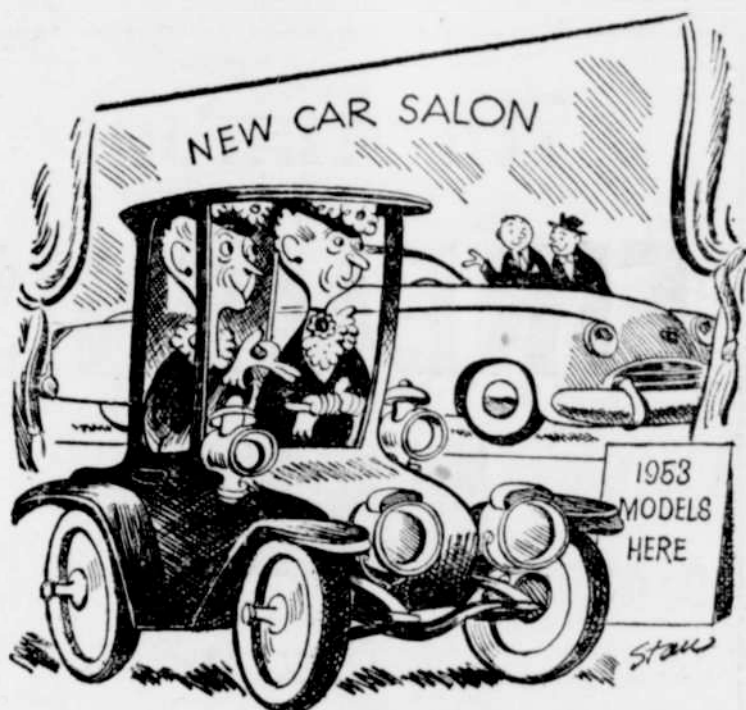

SAYS

"I am apprehensive of the growing tendency to centralize more government in Washington, D. C. I believe that the closer we can get government to the people, the better government we will have."

In these days of high taxes and uncertainties, it behooves the people of this agricultural and lumbering community to put one of their own kind in Washington to protect their interests.

SAM COON for U. S. CONGRESS

Paid for by the Coon for Congress Committee: Lawrence Neault, Chairman.

"But why not, Matilda? After all, aside from taxes, gasoline costs about the same now as in 1925!"

It takes a far smaller share of your income to keep your car in gasoline today. Oil men have been beating increased costs with technical efficiencies that hold prices down—and yield better gas: two gallons now do work that used to take three. That's progress.

Your Progress and Oil Progress Go Hand in Hand
Oil Progress Week—Oct. 12 to 18

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better

neither snow nor mud can stop a
TRACK-EQUIPPED
FERGUSON
TRACTOR

Equip your Ferguson Tractor with the Bombardier Tractor-Track Attachment and you can go anywhere in any weather the year around.

You can snake out logs in soft snow, or work on loose sand. You can work your sugar bush with tractor power instead of horses. You can spread manure all winter long. You can clean ditches and break roads while the mud is still inches deep. You can get a full year's use

from your tractor investment every year. The secret is FLOATATION . . . and that's just what Bombardier tracks provide. Keep you on top when the going is slick and treacherous . . . when other equipment bogs down. These steel-cleated tracks increase bearing surface to 40" by 17 1/2" on each rear wheel. They are easy to put on and easy to remove without special tools or equipment.

Come in today and get the full details.
