MAY TRUCKING CO.

GENERAL HAULING

1619 Second Ave. South, Payette Phone 830

The May Trucking Co. of Payette is very popular with the people over this section of the state as they offer a most modern truck service. Their charges are very reasonable and it has been conservatively estimated that this line has saved the people of this section of the state many dollars in hauling charges.

This concern is meeting with success as they solve the hauling problems of the people of this area and offer first class accommodations. They are prepared better than ever to solve all hauling problems, which, aids in the promotion of agriculture and commerce in the territory they serve.

It is such public and business activities, producing prosperity that helps to turn the wheels of industry in this section and aids very materially in the promotion, progress and development of this section of the state.

They are responsible for bringing and keeping here many dollars each year and in this review they must be complimented upon their activities in the business world.

Greetings
We not only wish you "A Merry Christmas" and "A Happy New Year" but intend to MAKE them happy ones for you.
