The answer to everyday insurance problems*

By
RALPH LAWRENCE

QUESTION: You read in the papers about cars or buses running off the street and crashing into houses. Someone made a joke the other day about people who lived on bad corners taking out insurance. Is there any insurance of that kind?

ANSWER: Yes, there is. Damage to property from wild vehicles comes under the Extended Coverage clause which can be added to a fire policy.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
