QUESTION: We intend to take two valuable movie cameras on our vacation trip. We want to know if our present residence theft policy can be changed to cover possible theft of the cameras while we are on our trip.

ANSWER: Yes, such a clause can be added but you should consult your agent about a "Camera Floater" which will protect you in case of damage to or other loss of the cameras besides theft.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
