

Owyhee Occurrences

Mrs. Kenneth McDonald
Phone 696-R4

Members of the O.K.K. will meet Wednesday afternoon Oct. 15 at the home of Mrs. Roland Maw. Mrs. Gerald Slippy will be co-hostess.

Mrs. Don DeHaven and Debbie, of Weiser, were week-end guests at the Omar Hite home while Mr. DeHaven went hunting with his father.

Ellis Walters left Thursday night for Berryville, Ark., to visit his brother, Dan, who is ill.

Mr. and Mrs. Joel Barney, of Burney, Calif., spent the week-end with his aunt and uncle, Mr. and Mrs. A. C. Hawkins. The Barneys went on to Salmon Tuesday where they will visit with her parents and other relatives.

Mr. and Mrs. Lester Parker and children, of Homedale, were Sunday guests in the Al Parker home.

Mrs. Charley Culbertson accom-

panied Mrs. Merle McClure to Nampa Friday on a business trip.

Mr. and Mrs. William Peutz are spending a few days here from their place in McCall.

Mrs. Orson Barrett returned to her home in Utah after spending the last three weeks here with her daughter, Mrs. Grant Patterson and family.

Mr. and Mrs. Byrd Walters were hosts Sunday with a lawn dinner for Mrs. Ellis Walters on her birthday. Guests were Mr. and Mrs. Jack Walters, of Meacham; Mrs. R. C. Jones and Mrs. George Schreiber, of Boise, and Mrs. Gerald Slippy and sons.

Mrs. George Schweizer spent last week in Nampa at the Kenneth Ahrens home with her daughter and family.

Mrs. Harley Wilson and children spent Thursday and Friday nights at the Omar Hite home.

Mr. and Mrs. I. B. Crocker of Long Beach, California, spent the week-end with Mr. and Mrs. E. E. Crocker. The two men are brothers.

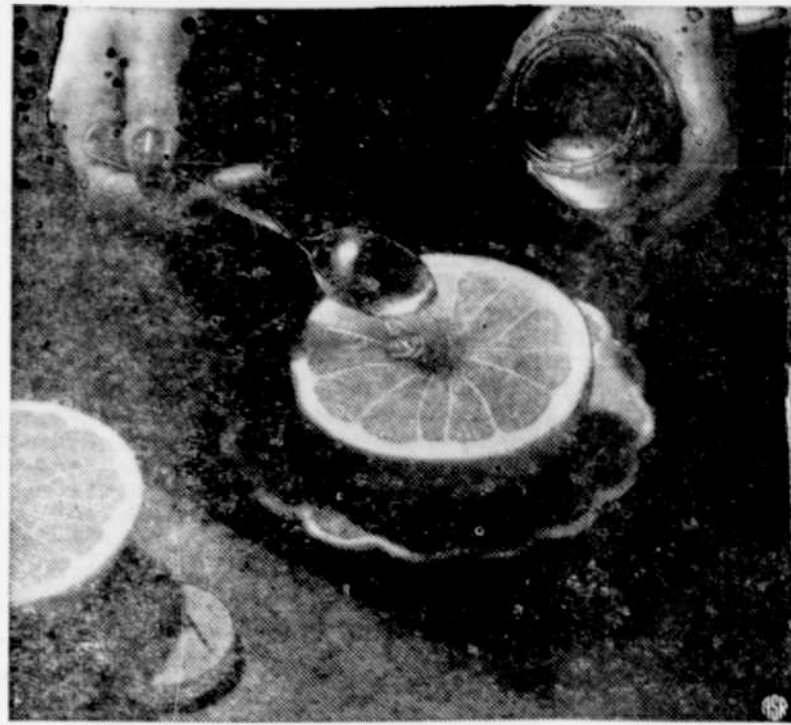

Mr. and Mrs. Gerald Slippy and sons have moved back into their place at Owyhee Junction after living near Parma for the past year.

Mr. and Mrs. Henry Slippy who have occupied the Gerald Slippy house are staying with their daughter, Mrs. Bob Rice.

Mr. and Mrs. Ralph Shelton of Boise arrived Friday evening to spend two days with her parents, Mr. and Mrs. A. D. Moses.

Mr. and Mrs. Ray Franklin of Parma called at the Gerald Slippy

Honey Of A Grapefruit Topping!

Greet the new grapefruit crop from Florida with a half grapefruit for breakfast, lunch or dinner; for a first course, salad or last course. Be sure to properly prepare your vitamin C-rich grapefruit halves for easy spooning, no waste. With a sharp knife cut Florida grapefruit in half crosswise. Loosen sections by cutting around each individual section. Slip out core with scissors. Do not run the knife around the entire, outer edge of grapefruit.

For a new topping treat with your morning grapefruit half, spoon honey over the fruit instead of sugar. Honey production is up this year, and this is one of the ways in which you can use this flavorful sweetener and help the planned pollination program of the Department of Agriculture. Pollination is necessary to nearly all of our food crops, and increased honey consumption will help utilize the larger production,

ways by trucks and buses operated as common carriers, contract carriers and private carriers and the tax is called a "weight-mile tax."

Cigarette stamp tax revenue act would impose a tax of three cents a pack on cigarettes to produce \$5,000,000 annually. A contingent companion measure would prevent dealers from selling cigarettes for less than cost plus 10 percent. Added cost to consumers would be at least four percent, the committee estimated.

Establishing United States standard time in Oregon would abolish daylight saving time and prevent any political subdivision from adopting any time but standard.

Gambling Hot Issue

Constitutional amendment prohibiting lotteries, bookmaking, pari-mutuel betting or animal racing is self-explanatory and a highly controversial issue. Numerous fair boards are opposing the measure because of the decreased revenue for their annual shows. While pari-mutuel betting has been the most frequently discussed aspect of the amendment, it would also prohibit all types of lotteries and wagering of any kind.

Constitutional amendment authorizing alcoholic liquor sale by individual glass is another self-explanatory as well as a hotly debated issue. All liquor is now sold in state-owned stores by the package. It is understood that the amendment also makes it possible for any county or any municipality with 500 or more population to call a local option election prohibiting the sale of liquor by the drink.

Constitutional amendment providing equitable taxing method for use of highways would limit motor vehicle taxes to a registration fee based on weight and a fuel tax based on gallonage. It would eliminate the weight-mile tax paid by motor vehicles operated by common carriers, contract carriers and private carriers. It would provide that taxes now collected by the weight-mile tax would either have to be replaced by the legislature by increased registration fees and increased fuel taxes or that funds for highway purposes be reduced.

Milk Reapportionment

Milk production and marketing act would repeal all existing milk control laws and provide for establishment of production areas. Provides for establishment of minimum prices for producers only instead of for dealers and retailers of milk, and permits a dealer to serve any market in the state.

Constitutional amendment providing representative apportionment enforcement amendment would make a temporary reapportionment to continue in effect until the next federal census in 1960. After that the legislature would still have the duty of making a reapportionment and if not done by the legislature, the duty would be imposed upon the Secretary of State. As described in

Apple Valley Activities

Mrs. Sherman Wilson

Lawrence Fox narrowly escaped serious injury Sunday evening, when he fell from the derrick swing at the Jack Wilson home. He was knocked unconscious and injured one leg but x-ray show no bones broken.

Mr. and Mrs. Floyd Sommars left Thursday for North Idaho where they are visiting their daughter and family for several days.

P.T.A. will meet Thursday evening, Oct. 16 at 8 o'clock. It is hoped that the new auditorium will be ready for this meeting. Following P.T.A., there will be an auction with the following articles going to the highest bidder: A bench saw, planer, jig saws, electric motors, wood vises, and other miscellaneous articles. The school band will play at this P.T.A. meeting.

W.S.C.S. will meet Wednesday afternoon, Oct. 15 at the home of Mrs. C. L. Fritts. A study of Africa will

be started and plans are being made for the annual bazaar to be held Nov. 29.

SAM COON Says!

"The state and federal governments have a tendency to deny the local communities a right to run their own affairs, centralizing this power in Washington, D. C. and Salem. I feel the closer you can get government to the people the better the government you'll have."

SAM COON Republican Candidate For U. S. Congress

Paid for by the Coon for Congress Committee; Lawrence Neault, chairman.

home Sunday afternoon.

Lawrence Peutz left by plane Friday morning for Portland to attend the Pacific International Livestock exposition.

Friday afternoon callers in the Bill Cook home were Mrs. Claude Echus and her mother, Mrs. Esque, both of Homedale.

Mr. and Mrs. Lawrence Hislop of Fruitland called at the Grant Patterson home, Sunday.

Mr. and Mrs. Leonard Towle of Battleground, Wash., were over-night guests Saturday at the Harlan Koger home.

Mr. and Mrs. Lynn Kygar were business visitors at Caldwell Monday morning.

SUPT. HENRY HARTLEY DISCUSSES BALLOT TITLE MEASURES

(Continued from Page 1)

school district reorganization act, which he described as highly controversial and which "might or might not be undemocratic," the superintendent commented. He explained that it was passed by an overwhelming majority of both houses of the 1951 legislature and was referred to a vote of the people of Oregon by petitions sponsored by the Grange.

Supt. Hartley explained that Oregon has nine or ten types of school districts and in many instances one school can have as many as three separate school boards. Using Adrian as an example, he pointed out that some taxpayers are under the jurisdiction of a common school district, union district and county rural. All three have the right to levy taxes, yet responsibility is not centered on any one of them, Hartley said. The bill, if it becomes law, would put every child under a unified district, but that does not mean the abandonment of school houses or forcing youngsters to leave their own community to attend school.

One of the objectionable features is that patrons votes are counted as a whole, rather than by district, it was explained. As an example, under the present system a small district must have a majority of yes votes to be taken into a larger district, while the proposed system would disregard the majority by district, giving thickly populated districts full power with sufficient yes votes to absorb a small district.

The Grange objection is entirely on that basis and not because the farm organization is opposed to unification, the superintendent said.

The reorganization act would set up a maximum of nine members for a county such as Malheur, for a county committee. There would be five members from the rural communities and four from the towns or unified districts. The committee would set up plans for all districts in the county and present them to the patrons for approval.

Vote On Other Measures

Voters have 14 other measures to act upon at the general election, but lack of time prevented discussion at the Lions meeting.

World War veterans state aid sinking fund repeal amendment calls for repeal of part of the state constitution and provides that all assets of the state aid sinking fund be transferred to the common school fund. Proponents contend that the article has served its purpose and will not effect loans that have not yet been completely paid.

An act authorizing domiciliary state hospital for aged mentally ill would authorize a hospital for such purpose situated within a 20-mile radius of the Multnomah county courthouse. The act provides that the cost not exceed \$3 million and asks that the institution be operated and maintained in the same manner as other state hospitals. Approximately \$750,000 is estimated as the annual operation cost.

Amendment to augment Oregon war veterans fund would extend privileges of World War II veterans home and farm loan program to Korean veterans and to veterans who have been residents of Oregon for at least two years after separation from service. It does not autho-

ize the issuance of additional bonds.

Amendment creating legislative assembly emergency committee would create a committee with power to allocate sums from an emergency fund allocated by the legislature. It would clarify the power of the legislature to establish an agency exercising budgetary control over executive and administrative offices.

Change Officer Terms

Amendment fixing elective terms of state senators and representatives would start the terms of legislators on the first Monday in January after their election and terminate the terms on the first Monday of January at the end of the term for which they were elected. The present law sets the beginning of the term on the day following election.

Amendatory act title subject amendment, if adopted, would permit the legislature to amend existing laws without cluttering up the law books with entirely new laws about the same subject matter as existing laws," the committee reported. The Oregon supreme court has held that without this amendment the constitution prohibits the legislature from amending the title to any law.

Motor carrier highway transportation tax act involves an increase in taxes to be paid for use of the high-

ways by trucks and buses operated as common carriers, contract carriers and private carriers and the tax is called a "weight-mile tax."

Cigarette stamp tax revenue act would impose a tax of three cents a pack on cigarettes to produce \$5,000,000 annually. A contingent companion measure would prevent dealers from selling cigarettes for less than cost plus 10 percent. Added cost to consumers would be at least four percent, the committee estimated.

Establishing United States standard time in Oregon would abolish daylight saving time and prevent any political subdivision from adopting any time but standard.

Bring Retail Prices Down... Keep Farm Prices Up

VOTE 332 YES ON THE MILK PRODUCTION AND MARKETING ACT NOV. 4

These important Oregon organizations tell you why

If you are confused by conflicting claims about milk laws, be guided by the counsel of those who have made thorough and impartial studies of the question.

The Milk Production and Marketing Act was put on the ballot by the Affiliated Milk Committees of Oregon, which is composed of citizen groups all over the state. We have no connection with the milk industry and our only interest is in securing a milk law which will be fair to everybody.

We were guided by the views of representative Oregon organizations—labor, consumers, retailers, farmers, civic groups.

TO WAGE EARNERS

Labor groups say VOTE 332 YES

The last state convention of the CIO said, "We feel the Milk Production and Marketing Act gives the necessary protection to the producer . . . and makes better milk available at more reasonable prices to the consumer."

—Oregon State Industrial Union Council (CIO)

TO BUSINESS MEN

Business and professional leaders in Portland City Club carefully studied milk control

This nonpartisan group of over 1,000 citizens after studying the present Milk Control Law, reported as follows: "Although considerable argument was presented by various witnesses regarding the necessity of continuing price control at the distributor level, the majority of the committee did not find the distribution and sale of fluid milk sufficiently unlike the marketing of other food products to justify special treatment. We have found insufficient justification for controlling fluid milk prices at resale level."

—Portland City Club

TO MERCHANTS

Food stores say VOTE 332 YES

The Oregon Food Merchants Association, representing the independent grocers of Oregon, in its endorsement of the Milk Production and Marketing Act says, "The association reiterates its desire for store differential which it feels the present law does not permit."

—Oregon Food Merchants Association

TO VOTERS

332 YES agrees with views of political groups of both parties

This new FAIR milk bill will conform with the last formal platform position of the Democratic party in Oregon which said "eliminate all provisions of the milk control law except sanitation regulations and minimum price for farmers."

—Oregon State Democratic Party

On September 14, the state policy meeting of the Young Republican Federation of Oregon said "whereas the proposed Milk Marketing Act 332 YES which has been placed on the ballot by the signatures of 43,000 citizens is eminently fair to the farmer and the consumer . . . we the majority of the agricultural committee of this convention urge its adoption."

—Young Republican Fed. of Ore.

Remember when you go to the polls Nov. 4th look for the Milk Production and Marketing Act

VOTE 332 X YES for a FAIR milk law
