'54 FORD the "worth more" car declares a dividend

STYLE
DIVIDEND

3 distinctive lines
— 14 brilliant body styles

You'll find that each new feature in the '54 Ford is an extra dividend in driving enjoyment... establishes Ford, even more in '54, as the "Worth More" car. You get a special dividend in styling with Ford's distinctive new appearance. You get sparkling new interiors, too, that are a dividend in themselves. And each of the new Fords gives you special dividends in ride and performance... with new Ball-Joint Front Suspension, the greatest advance in chassis design in 20 years... with your choice of Ford's new low-friction Y-block V-8 or I-block Six, the most modern engines in any car today! With 28 brilliant new models to choose from, you'll find the exact car to suit your tastes and requirements. Come in... See and Test Drive the '54 Ford.

New Ball-Joint Front Suspension

This revolutionary new suspension is exclusive to Ford in its field. It allows greater up and down wheel travel for a smoother ride. And it helps keep wheels in true alignment for consistently easy handling. Movement of wheels is on ball joints, whether in up and down motion or in steering motion—right or left.

The new 130-h.p. Y-block V-8

The greatest engine advances since the original FORD V-8

Both new 1954 Ford engines... the Y-block V-8 and the I-block Six... have overhead valves for most efficient high-compression operation on today's fuels. Valves are free-breathing to give you the most GO... free-turning to seat tightly and maintain high compression. Both engines have a deep-cast block with skirt that extends well below the crankshaft for greater strength and rigidity... smoother, quieter performance and

The new 115-h.p. I-block SIX

extra-long engine life. Their modern short-stroke, low-friction design cuts friction losses... gives you more usable horsepower, more miles per gallon of gasoline. New high-turbulence combustion chambers assure a more thorough mixing of fuel and air for faster, more efficient combustion. Plan to Test Drive a '54 Ford. You'll find these new Ford power plants are the greatest engine advances since the original Ford V-8.

Plus five optional power assists* you might find
only in America's costliest cars

Master-Guide Power Steering

It does up to 75% of your steering work for you, makes parking a pleasure, leaves you with the normal feel of steering on the straightaway.

Swift Sure Power Brakes

Power does up to one-third of the work of stopping for you! You are less fatigued, more relaxed, in the stop and go driving of congested traffic.

Power-Lift Windows

Windows open or close at the touch of a button, under each window or on left front door. Driver may operate any of the four Power-Lift Windows.

4-Way Power Seat

Push one of two controls and the front seat goes up or down... push the other and it goes front or back. It's a real convenience and comfort feature.

Fordomatic Drive

You get the smoothness of a fluid torque converter plus the instant "go" of an automatic intermediate gear. Ford also offers gas-saving Overdrive.
