Announcing for '54 NEW FORD TRUCKS with TRIPLE ECONOMY!

**NOW! 5 Ford engines offer
the mightiest concentration of power per cubic
inch ever in any truck line! V-8 and SIX!**

For the power they develop, the engines in the 1954 Ford Truck line have less cubic inch displacement than engines in other-make lines. For example, Ford's 239 cu. in. Power King V-8 develops its 130 h.p. on as much as 43 cu. in. less displacement. Smaller-displacement engines normally need less gas! That's one big reason why Ford concentrated power offers greater economy!

Ford takes the lead in **ALL 3** vital factors that make for lower-cost trucking!

1. Now, only in Ford Trucks—gas-saving, LOW-FRICTION, high-compression, overhead-valve, deep-block engines in all truck models! 115- to 170-h.p.!

2. New Driverized Cabs, Master-Guide Power Steering, Power Brakes, Fordomatic Drive for faster control!

3. New greater capacity! New Factory-Built "6-wheelers," gross up to 48% more!
