Presenting the mighty aristocrat  
of light-duty trucks—  
**the 1954 GMC**

HERE is the most extraordinary light-duty truck ever built. It has the smart styling of a fine passenger car—a sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—luxury features that will make you proud to be seen in it. And it has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating. The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's capacious model. Its tail gate is grain-tight—and sand-tight.

And—a truck feature pioneered by GMC—it offers the driversaving, moneysaving advantages of Truck Hydra-Matic Drive\*. One final and surprising point. The price of the GMC, value for value, is unsurpassed anywhere on the truck market. That's the story. The next move is yours. Come in and see "the world's most modern truck." And—make it soon.

\*Optional at extra cost
