Bunns Back From Trip to Old Mexico

After a round of Old Mexico complete with bullfights and floating gardens, Mr. and Mrs. Ernest K. Bunn, their two boys, Gary and Morrell and their son Kent and Mrs. Kent Bunn returned to Nyssa. The six vacationists left on their trip two weeks ago and arrived back last Monday. They crossed into Mexico at Eagle Pass and continued to Mexico City. Here they toured the floating gardens of Xochimilco and viewed the pyramids.

They attended a bullfight in the great Mexico City arena at which six bulls were killed. The mild climate of the country's capital impressed them.

They went to Vera Cruz on the East coast before turning northward again. The Bunns recrossed the border at El Paso and proceeded to Carlsbad Caverns, New Mexico. They toured the caverns, ate lunch in the cafeteria 700 feet underground and returned to the surface by elevator.

On the homeward trip they spent a night with Mrs. Ernest Bunn's sister at Salt Lake City.

How Advertising benefits you!

Advertising saves you money. Because it sells on a mass scale, advertising makes possible mass production, which means lower costs to you. Advertising also tells you where to find bargain buys.

Advertising helps you live better. It introduces you to new products you need. And because it makes business more competitive, advertising stimulates the development of many of these superior products.

Advertising creates jobs. The increased demand for goods that advertising builds—and the mass production that results—leads to mass employment, faster promotions, higher pay levels.

Advertising helps those who serve you. It helps the farmer sell his crops . . . the manufacturer sell his factory output . . . the merchant sell his wares . . . the technician sell his skill. And because, with advertising, all these people sell more, each can afford to sell his goods or services to you for less and still make a reasonable profit.

Yet for all it does, advertising costs so little

To advertise big-name gasoline takes less than 1/5¢ a gallon. To advertise famous brands of bread costs less per loaf than the wrapper. To advertise America's leading cereals costs less than 3/10¢ a package. If any other form of selling were cheaper or more efficient, no one would advertise.
