Here's Proof that On-The-Farm Storage Pays

When You Store Your Grain in Butler Grain Bins

Watch Your Profits Grow when you store your grain in safe, sturdy Butler Grain Bins. Throughout the years, farmers in this area who have been able to hold their grain three, five or seven months beyond harvest time usually have been able to market their grain at a much higher cash price. Adequate on-the-farm storage facilities make the difference.

TOPS for Cultivating All ROW CROPS

Here it is, Mr. Farmer: The revolutionary Chatten Rotary Cultivator Mulcher is the biggest improvement ever made in cultivating machinery. It beats old methods just like the modern tractor beats the horse. It will give you cleaner fields and better yields. Cultivates, mulches, levels, kills weeds and saves irrigation. It cultivates closer to young plants without harming roots and closer to large plants without danger to leaves. Any tractor driver can operate it alone. For the new, precision machine which cultivates and mulches any vegetable row crop and cotton, earlier, easier, closer, safer and cheaper than any other equipment see . . .
