IN APPRECIATION

Through the years we have reinvested the earnings of our business in better buildings and a larger inventory, with the thought of providing our customers with a better place to buy building materials. Your continued patronage has enabled us to carry out this policy. Now we offer for your convenience, the finest retail building materials store in this area. The plans for the building were obtained from several sources. The exterior design was provided by the Chula Vista Lumber Co. of Chula Vista, California and the personnel of our yard designed the interior with the help of two store layout experts from Salt Lake City. We again wish to thank you, our friends and customers, for your past patronage.
