Along The EDITOR'S BEET

On our regular beat this week, we saw George Coburn and Lloyd Mackrill doing some tall explaining about their moonlight fishing trip that prompted one wife to call for the city cops' assistance in locating them. Paul Penrod back in his usual stride after recovering from a hip ailment. Councilman Bob Thompson giving away fly-swatters while the city is spraying the town to kill insects. Harry Miner pleased with business at his tonorial parlor's new location. Bob Applegate listening to 57 ideas on new sources of water for the city. Ken Pond's new coat of tan and bulging muscles from building a new house.

I SAVE 10% of my pay EVERY WEEK

The first one I pay each week is MYSELF! Since I have been operating my Ford, I have realized a 10% savings in cost of gasoline, oil, operation, maintenance and depreciation. This savings goes right into my savings account where it draws interest. Even more savings are realized by depending on Herriman's to service my car . . . which also means more miles of pleasant driving.

I Have Found That It PAYS To Own a FORD!

We "dug in" to help supply more oil to the Pacific Northwest

Standard's \$25,000,000 products pipe line* from Salt Lake City to Spokane was completed last year at the same time that new farms, factories and businesses were opening up in the Pacific Northwest. This wasn't just a coincidence. Standard long ago planned this project to meet the region's expansion. Take-off points along the 710-mile pipe line feed important areas of Idaho, eastern Oregon and Washington. This increases Standard's capacity to serve you, your industry and commerce better.

...and Standard has been first in service since cars came on the scene. Since 1907, when we built the world's first gas station at Seattle, we've worked to improve your motoring. Newest development is "Detergent-Action" gasoline. It stops carburetor deposits (major cause of engine troubles); ends rough idling, stalling; saves gas. It's yours at Standard Stations and independent Chevron Stations.

Working with you in Washington, Oregon and Idaho

- 2,923 Standard employees
- \$14,096,835 annual payroll
- 4,810 Pacific Northwest shareholders
- \$81,620,424 investment in plant, refinery and distribution facilities
- \$5,000,000 worth of goods and services bought from more than 1,100 Pacific Northwest businesses in 1953
- 2,604 independent businessmen who support themselves and their 7,081 employees by selling Standard products

STANDARD OIL COMPANY OF CALIFORNIA
75 years of planning ahead to serve the Pacific Northwest better
