From where I sit... by Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made rag-weed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all!"

Joe Marsh

UNION PACIFIC

World's first
detergent-action*
gasoline

Yours in both

An entirely new kind of motor fuel that ends forever the biggest single cause of engine trouble! Detergent-action Chevron gasoline actually cleans the carburetor in every gasoline engine you have, and keep it clean! Until now, carburetors had to be cleaned or adjusted every few thousand miles, because tiny bits of soot and gum in the air entering the carburetor built up deposits that caused rough idling, gas waste, and stalling at stop lights. Now, detergent-action cleans out these deposits while your engine is running, and prevents new deposits! Try detergent-action Chevron Supreme or Chevron gasoline.
