We're out to make a Record
— and how can we miss with a hit like this ?

WE'RE shooting for the biggest October in Buick history and we're willing to go all out to make it. Right now, Buick is outselling every other car in the nation—regardless of price class—except two of the so-called "low-priced three."

So you know that it has the combination of horsepower—room—comfort—performance—and styling too good to miss.

And it isn't hard for you to figure out that Buick dealers must be offering the kind of prices and trade-ins that the public goes for—because you can't make record sales these days unless you have everything it takes to make a winning combination.

Come in and see us, and you'll know what we mean.

This New Buick Special V8
2-Door, 6-Passenger Sedan
actually costs less than some models
of the "low-price three"
Come in and check the price!

**Here's the big 3-Way Bonus
we offer in Buick today**

- 1. Advanced Styling** — the very look of tomorrow, with long, low glamor lines, sports-car snap, and that trend-setting panoramic windshield that most other cars won't have till 1955 or later.
- 2. Better Buy** — a lot more automobile for your money — more room and power and ride comfort and solidity of structure — plus the higher resale value of a car that will still be fresh and new-looking well into the future.
- 3. Top Allowance** — from the tremendous volume that has put Buick into the top 3 of the nation's best sellers. So you get the benefit of our soaring success in the form of a higher trade-in allowance on your present car. Come in and check!

Buick Sales are Soaring
— so Buick 'deals' are bigger than ever right now!
