Everybody's Favorite

Breathes there a man, with soul so bred, who never to his wife hath said: "I Want A Lemon Pie Like Mom Used To Make!"

Action is the best reply... action quietly engaged in. But when you bake him a pie, make it the modern way with packaged lemon pudding and pie filling mix. Then its texture will be smooth, its flavor rich and tangy. And you'll be sure of it, because, like the modern automobile, which he favors over the horse n' buggy, its formula and production are standardized by science to give the best possible results.

Simply follow the package directions, adding sugar, water and egg yolks, saving the egg whites for the meringue. An added hint—spread the meringue to the edge of the pie, all 'round, to prevent shrinkage. "I'm Glad You Like My Lemon Pie!" will be your demure response when he passes his plate for a third serving.

Lemon Meringue Pie

- 1 package lemon pudding and pie filling mix
- 1/2 cup sugar
- 2 egg whites
- 2 cups water
- 2 egg yolks
- 1 baked 8 or 9-inch pie shell
- 4 tablespoons sugar

Combine pie filling mix, 1/2 cup sugar and 1/4 cup of the water in saucepan. Add egg yolks and blend well. Then add remaining 1 1/4 cups water. Cook and stir until mixture comes to a full boil and is thickened—about 5 minutes. Remove from heat. Cool only about 5 minutes, stirring once or twice. Pour into pie shell.

Beat egg whites until foamy throughout. Add 4 tablespoons sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until meringue will stand in peaks. Spread over pie filling. Bake in hot oven (425° F.) 5 to 10 minutes, or until meringue is delicately browned.
