HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—tapping the popularity that has already made Buick one of the "Big Three."

You can take it over for only \$2701.88* delivered locally!

MOST PEOPLE still don't believe it. But it is true. And when you look into the facts, you'll find these two solid truths:
Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price we show here proves it.
So why not get what a Buick has to offer, if you are in the market for a new car?
You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.
You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.
We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.
But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thrill from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?
*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Delcostror... \$81.70; Radio & Antenna... \$92.50.
