Letters to Editor

Signed letters to the editor are welcomed and will be printed if they do not contain comments of a libelous nature or attacks on religious and racial groups.

Dear Editor:

To honor an individual is grand, but to give an honor improperly can sometimes be an insult. As a disgruntled parent I am referring to the action taken by the Fruitland high school faculty.

This year after two hours deliberation the faculty gave the honor of valedictorian to Dorothy Lissenby a two year student in the Fruitland school.

I don't deny the faculty the right to make the policy concerning this honor, but I do challenge their right to change the policy without due notice.

The reason given for making the change was that they didn't believe it fair to penalize the student because the parent moved from one locality to another.

Is the new system better than the old if they fail to recognize the stability of the American home? The backbone of American strength.

The students of the school circulated a petition to grant the honor to Dorothy Lissenby over Harold McEwen before any decisions were made.

In honoring a student the honor reflects back to the parents. What is wrong with the parents that cannot make a complete home for the student. Does this make for good citizenship?

As a parent I don't care to step aside now when in 1943 my step daughter, Miss Oriylene Raymond was denied the right to be valedictorian from the eighth grade by the Fruitland school because she wasn't an 8 year student.

One unhappy parent, E. L. MC Ewen

Standard's "cushion" for sidehill tractors helps feed the Pacific Northwest better

Sidehill work on rolling Pacific Northwest farmlands once wrecked the rollers on big Diesel tractors in less than a season. Ordinary lubricants couldn't stand the tilting, twisting, mud-slogging torture. To cushion these rollers in mud, snow, dust... from below freezing to summer temperatures over 100°, Standard developed a grease... RPM Tractor Roller Lubricant. This special product enables tractors to work over 12,000 hours without roller repair! It means time-saving, trouble-free power farming for the men whose crops help feed you. And it is another way Standard serves you and the homes, farms and industries of a growing Pacific Northwest.

Working with you in Washington, Oregon and Idaho
• 3,081 Standard employees
• \$14,942,035 annual payroll
• 4,915 Pacific Northwest shareholders
• \$76,618,025 investment in plant, refinery and distribution facilities
• \$26,291,953 worth of goods and services bought from more than 1,575 Pacific Northwest businesses in 1954
• 3,067 independent businessmen who support themselves and their 8,492 employees by selling Standard products
