# Look- 4 Doors and no center posts!

*It's the new kind of hardtop—The 4-Door Riviera!*

**YOU** drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view. That's what makes it a hardtop. But what makes it a very special kind of hardtop is the fact that it has *four* doors instead of two. Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera! Now, you see, you can have the tremendously popular styling of a *true* hardtop combined with the room, comfort and full convenience of a 4-door Sedan. And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles. So it looks like Buick's done it again—

because the 4-Door Riviera is a sweeping sensation across the nation. It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here. And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the extra roominess of a full-size Buick Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.\* Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
