IN CITY TRAFFIC where tensions usually mount, Chrysler's easy-like flexibility brings a wonderful sense of calm. And those admiring glances confirm your judgment that this is America's biggest new car buy.

THEY'LL THINK YOU PAID \$1,000 MORE

when you drive the year-ahead car!

The only cars with which you can compare a Chrysler Windsor V-8 are the other luxury cars... because that's what the Chrysler Windsor V-8 is. But you can own this car for the cost of a medium-priced car! And at this price, it simply defies comparison.

Take the way it handles in city traffic. Something quite wonderful happens. Instead of feeling tense, you're utterly relaxed—thanks to Chrysler's full-time Power Steering System and a host of other brand new Chrysler exclusives. You're handling a big, powerful car that

responds like a mind reader. It does the work for you. Your Chrysler is beautifully balanced between the forward thrust of its mighty airplane-type engine and the most powerful brakes in the industry. This car flows! Yet, if you can afford any car in the medium-priced field, you can afford to step up to a Chrysler Windsor V-8. Compare its year ahead new-car features with the other leading cars in its price class. We think you'll agree that it looks and acts like a car that costs \$1,000 more than it does!

"PowerStyle" CHRYSLER

SEE YOUR CHRYSLER DEALER FOR THE BIGGEST BUY OF ALL FINE CARS

CHRYSLER SETS NEW WORLD'S RECORD!

WINS DAYTONA "FLYING MILE" AT 139.373 m.p.h.

A Chrysler 300-B swept the 1956 NASCAR Speed Trial Championships at Daytona Beach with a sand-scorching "Flying Mile" average speed of 139.373 m.p.h. Shocked competition watched as Chrysler barreled down the beach... topping last year's stock car record (also set by Chrysler) by 12 m.p.h.

CONFUCIUS MIGHT HAVE SAID ...

"House Without Dryer Not Home Sweet Home"

He's so right! Why should you lift and lug heavy wet clothes out into the cold yard... or try to dry them in front of the register? An automatic electric dryer makes washday a cinch... your clothes dry faster, last longer than before. There's a wide choice of makes and models to suit your budget... so see your electric appliance dealer soon.

IDAHO POWER
Electricity. Does So MUCH—Costs So LITTLE!

Heard About "BEST BARGAIN" Electricity?

Your automatic electric water heater entitles you to 700 BEST BARGAIN kilowatt-hours at only 9/10 of a cent each (after you have used your first 200 KWH). Since the water heater ordinarily uses only a portion of this BEST BARGAIN electricity, the balance

can be used for other electrical conveniences.

For example: with average family use, if you have BEST BARGAIN electricity to spare you can operate an electric dryer for only 54¢ a month.
