Rt. 1, Nyssa, is majoring in elementary education at OSC. She is a 1955 graduate of Adrian high

Freddie Bennett is ill at the home of his mother, Mrs. Nettie Bennett in Nyssa with a lung infection.

COLOR CLINIC

By CAROLEE

FINDING INSPIRATION FOR
COLOR SCHEME Nature.

No artist has ever surpassed nature's color harmonies, but when natural colors are transplanted into the different lighting and perspective of a room indoors a little artistry must be used. The original shades in nature often need to be toned down somewhat, except for small flashes of your accent tones. Many people have a favorite season which they like to express in decoration. A color scheme inspired by spring would be gay with soft pastel tones and misty harmonies. Summer would be rich and alive, with full deep shades of flowers in full bloom. Autumn's display of red, gold and brown would bring a mellow charm into a living room or library. The cool, serene white and blue of winter with violet shadows provides a scheme entirely different in mood and affect.
