From where I sit... by Joe Marsh

More Than She "Bargained" For

Dad Baker retired from active dairying—seven or eight years ago—but still keeps a half-dozen purebreds more or less as a hobby.

Dad goes all-out for these six. Temperature-controlled barn, expensive feed... the works. As a result his milk has a low bacteria count, a high butterfat content. And as a favor to neighbors, he sells it just two cents above the ordinary price.

Recently, a neighbor complained—asked if she couldn't get the milk "at cost." Dad agreed,

sent her a bill for exactly what the milk cost: 75¢ a quart.

From where I sit, it's easy to misunderstand if you don't get all the facts. That's why we ought to consider the other fellow's viewpoint before we talk out. For example, you have your reasons for liking particular beverages. I have mine. And whether we're talking about buttermilk or beer...let's try to respect each other's point of view.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleanest" home rug cleaner, known as Blue Lustre, is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as 1/2 gallon of concentrate cleans three 9 x 12 rugs.
