Those from Adrian attending the Modern Pioneer picnic at the

Court Cases . . .

Editor's Note: Public opinion and individual requests have brought about revival of the court case column abandoned several months ago by the Gate City Journal. The weekly report was stopped because of the large number of repeaters for minor infractions such as public intoxication and traffic violations. All reports are taken from the records of the two courts.

Justice Court

- Uses 10 gallons less water
- Self-Cleaning

WESTINGHOUSE licks old Center-Post Agitator Problem!
THE LAUNDROMAT NEW WAY TO WASH

The old-fashioned Center-Post agitator washes with a jerk-jerk motion. Clothes in the center (harsh action zone) get rough treatment; clothes in the lazy outside zone hardly move.

Westinghouse removed the Center-Post entirely... put smooth agitators at the inside of the wash basket. As the basket revolves, these agitators wash the clothes by lifting, turning, flushing through sudsy water 50 times a minute. Every piece is washed all the time, thoroughly, equally well.
