Thanksgiving

The 1956 Sugar Beet Crop Is Now 98 Percent Complete!

This year farmers throughout the area have been plagued with unseasonable weather conditions.

Unexpected rains made fields unworkable. Frosts further complicated the job of getting the beets from field to factory.

We at Amalgamated were well aware of these problems.

And we know the spirit with which the area farmers met these problems.

We are thankful during this week of Thanksgiving that diligent effort, long hours and determination paid off.

WE AGAIN HAVE A BUMPER CROP

Our Thanks to All of You!
