CARLOAD SALE

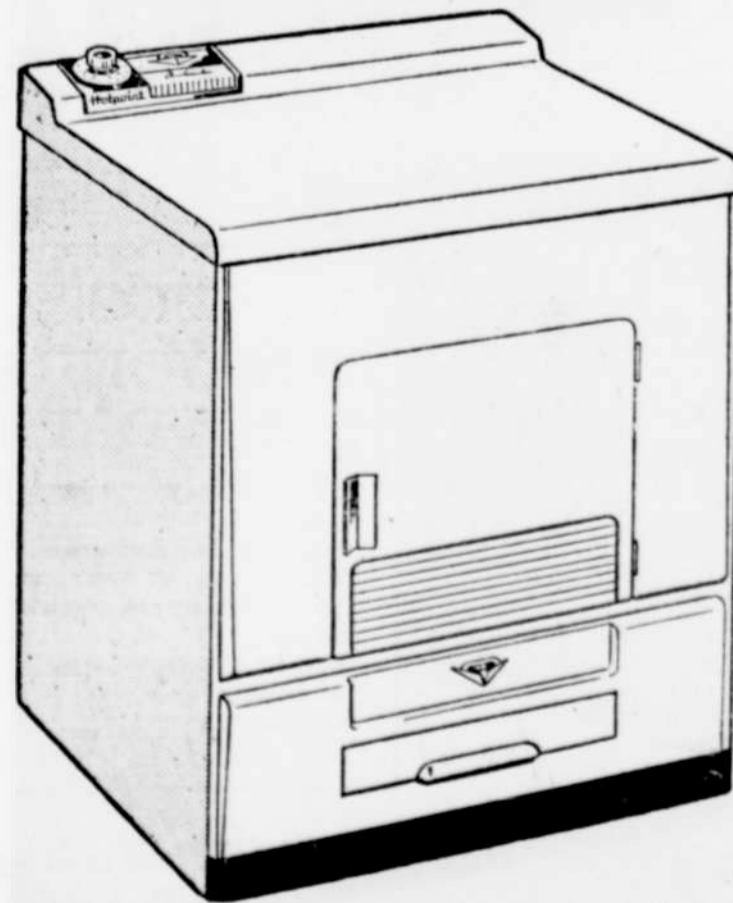

When EDER'S says "CARLOAD LOT" they MEAN it—as the above photos bear out. Tom Jones, U.P. station agent, right, above is watching Joe Chamberlain, manager of the hardware company, and Bob

Church load from car to truck. In the lower photo the three are breaking open another section of Hotpoint appliances inside a freight car which had been spotted in Nyssa for the special carload delivery.

This Is a Special Carload Purchase That Eder Hardware Was Able to Make on a Direct Factory Basis. This Is a One Time, One Purchase Buy and Will Not Be Repeated This Year. Sales at This Price Will Be Limited to the Quantity Purchased in This Car. These Are New 1957 Hotpoint Appliances and Will Revert to the Regular Price When This Carload Is Gone.

AND GET THIS FREE!
