How Standard helps your tax dollars buy 3 miles of superhighway for the cost of 2

Asphalt can save billions of dollars on the 41,000 miles of superhighways the U.S. will build in the next 15 years

Heavy Duty Asphalt Costs 20% to 50% Less Than Other Pavements. This means extra miles of superhighways for your tax dollars... smoother, more enjoyable miles, too. Safe, skid-resistant asphalt cuts down headlight and sunlight glare, makes lane markers easy to see anytime.

To help bring you more miles of superroads faster and at lowest cost, Standard* operates nine asphalt refineries across the nation. Our scientists work with highway engineers on improved construction and low-cost maintenance methods that can make asphalt highways even better and stronger after years of service.

over 50,000 miles of new and improved highways by 1970

*Through Standard's wholly owned subsidiary, American Bitumuls and Asphalt Company
