Another Union Pacific *FIRST!*

**THE MOST POWERFUL LOCOMOTIVES
IN THE WORLD**

— at your service
on Union Pacific

New frontier in power opens with the delivery of thirty new 8500-horsepower Gas Turbine-Electric freight locomotives

These 30 new type locomotives, the most powerful in the world, are now being added to our fleet of 25 gas turbine-electric units rated at 4500-horsepower which has been in regular freight service on Union Pacific lines for several years.

These marvels of engineering will really roll the freight on Union Pacific schedules across the West. Gas turbine-electric locomotives are fast and efficient, which means that your freight goes through smooth and on time, on Union Pacific.

NOW... MORE THAN EVER.
